WHAT TO EXPECT WHEN BUYING ONLINE FROM EDMUND

We will ask you questions which you must answer to obtain a Quote Estimate online. Unfortunately, we do not offer a quote to every applicant - but we will tell you immediately if we cannot quote. Our Quote Estimates are valid for 30 days. You can save it or ask for it to be emailed to you, and you will be able to retrieve it later. If you do not want to delay buying the policy, you can proceed to apply and buy. At this next stage, we will ask you a few more questions to decide whether or not to offer you cover. You must answer all of our questions in accordance with your Duty of Disclosure.

DUTY OF DISCLOSURE

Under the Insurance Contracts Act 1984 (Cth), before you enter into a contract of insurance you have a duty to tell the Insurer anything that you know, or could reasonably be expected to know may affect the Insurer's decision to insure you and on what terms. You have this duty until the Insurer agrees to insure you. You have the same duty before you renew, extend, vary or reinstate an insurance contract.

The duty of disclosure applies to every person to be covered under the insurance.

You do not need to tell the Insurer anything:

- that reduces the risk the Insurer insures for you;
- that is of common knowledge;
- that the Insurer knows or, in the ordinary course of business, ought to know; or
- in respect of which the Insurer has waived the duty of disclosure.

Non-disclosure: If you do not tell the Insurer anything you are required to, the Insurer may cancel your contract or reduce the amount that will be paid if you make a claim, or both. If your failure to tell the Insurer is fraudulent, the Insurer may refuse to pay a claim and treat the contract as if it never existed.

If we offer you cover, we will tell you the Total Amount Payable and provide a breakdown of that amount. We will also provide you a copy of the Questions and your Answers from the application process and ask you to confirm your completed application, make your declaration of understanding, and accept our Terms of Business.

If you wish to buy, you will then be able to proceed to the payment gateway and select a payment method.

Once your application has been accepted and payment received, we will forward you a confirmation of cover e-mail and provide your Policy Wording and Policy Schedule.

We can provide you with a Tax Invoice upon your request - simply contact us by email.

If during the Policy Period, you want to change your details or your cover, e.g. the policy limit, please email us.

COOKIES

A cookie is a short piece of data which is sent from a web server to a web browser on the user's machine when the browser visits the server's site. The cookie is stored on the user's machine, but it is not an executable program and cannot do anything to your machine. Whenever a web browser requests a file from the same web server that sent the cookie, the browser sends a copy of that cookie back to the server along with the request. In this way, the server knows you have visited before and can co-ordinate your access to different pages on its web site. A server cannot find out a name or email address, or anything about a user's computer, by using cookies. Cookies are essential in providing a seamless access to some online databases. edmundinsurance.com.au uses first-party cookies to obtain session details for access to parts of our sites. GOOGLE TAG MANAGER

We use Google Tag Manager, a digital marketing service provided by Google Inc. ("Google"). Reports obtained from Google Tag Manager are used to help improve the efficiency and usability of the website by measuring traffic and visitor behaviour to the edmundinsurance.com.au website.

Google Tag Manager uses tags which are tiny bits of website code that allow us to measure traffic and visitor behaviour, understand the impact of online advertising and social channels, use remarketing and audience targeting, test and improve our site. Google Tag Manager keeps track of a set of tags and tag-firing rules but it does not collect any personally identifiable information. When a user visits the site, the most up-to-date tag configuration is sent over to the end-user's browser with instructions to fire appropriate tags. The information generated about your use of the website (including your IP address) will be transmitted to and stored by Google on servers located outside Australia.
